Lead with Care:

Why Listening is Leadership

Great leadership isn't just about making decisions—it's about valuing people. In every room you enter, your words as a leader echo louder than others. What you say—and how you say it—can either build trust or quietly break it.

That's why it's critical to be mindful when others share their thoughts. Even when an idea seems off-target or unfeasible, your first response matters. Instead of brushing it off with "That won't work" or "We've tried that before," simply say: "Thank you for sharing that."

Why? Because people interpret dismissal as:
 "You don't see me."
 "You don't value my input."
 "I don't matter here."

And when people feel unseen, they disengage. Their silence may look like compliance—but deep down, something in the team suffers.

Even the best vision will struggle without buy-in from those meant to carry it.

As we pursue our God-given goal—to double our membership and chapters by the end of 2026—let us lead with empathy and intention. Listen deeply. Respond with dignity. Let every person know they are heard, seen, and respected.

Leadership isn't just about casting vision. It's about carrying hearts. And when we honor people well, the mission thrives.

Lead with care—and watch how God multiplies our impact.

Healing Ministry in Bandar Sunway

Testimony regarding Albert Chong, a cancer patient as related by Eddy Yong, National Director, Prayer and Healing Ministry.

“In May 2024, Albert Chong was diagnosed with prostate cancer. It was 4th stage with only months to live. Later he discovered he also had pancreatic cancer. Both cancers are not linked. If untreated, the oncologist said Albert has **only 6 months to live.**

On 8th March 2025, Jaccob who is a good friend of Albert called me to come for a time of prayer and healing at his home and over lunch at Sunway club. I went together with Jaccob and ministered to Albert. We spent some time praying for this brother and had fellowship with him and his wife, the caregiver. His pancreas tumour marker was 58,049.7 when it should be below 37.

God is great! Today his cancer marker is below 37 after having the right hospital, oncologist, treatment and the power of our Great God! From 4th stage cancer, he is now a normal person. That’s the miracle of prayer and healing. In the Mighty Name of Jesus, miracles will happen.

We are so grateful and energized to pray for changes in difficult circumstances. May Albert continue to trust on His grace and mercy in his journey with Him! All glory be to our Lord and Saviour, Jesus Christ!”
